

# GOVERNMENT ENGINEERING COLLEGE KOZHICODE

## Environment, Health & Safety Policy

The Govt. Engineering College Kozhikode (GECK) is committed to continual improvement in the areas of Environment, Health and Safety (EHS).

We shall strive to achieve this by:

1. Complying with all the applicable laws and regulations in the country to ensure environmental stewardship.
2. Building a system to enhance communication and cooperation among the faculty, students and staff within our college and to foster a cordial and cooperative ambience for promoting safety and health in the campus.
3. Conducting training programs at various levels that are focused on operational safety and environmental awareness.
4. Energy conservation, recovery, reuse and reduction of waste, minimizing pollution, hazards and risks, preventing injury and ill health, mitigation of threats to biodiversity in all endeavors.
5. Continually evaluating and improving Environmental, Health and Safety performance through documentation and periodic audits.
6. Adopting state-of-the-art practices in Environmental, Health and Safety management.
